HEAT SHEET ADS

CVAC sponsors three home meets during the short course season. During the meet we are responsible for publishing heat sheets. A key ingredient to producing the heat sheets is advertisements purchased by local businesses, families, and friends supporting CVAC or individual swimmers. All funds raised through ad sales will go towards swimmer family commitment of \$300 a year. This is a great opportunity to support and cheer on CVAC and reduce your family fund raising commitment!

All ads must be “copy machine” ready. We cannot edit nor do artwork. Ads should be produced on white paper, sized and spaced correctly. Heat Sheets/Ads will be printed in black and white. Make sure all checks are made payable to CVAC. Funds should be collected at the time of sale. Ads along with the attached form should be given to the Heat Sheet coordinator. Payment should be given to our treasurer with a note in memo referencing the Heat Sheet Ad Sale. In order to have these put together and placed in the heat sheet, they must be received a week prior to the meet.
